**NOTICE OF NON-COMPLIANCE – WORKPLAN FOR DELINEATING POTENTIAL IMPACTS OF THE VOC PLUME IN PARCEL C ON PARCEL B & GROUNDWATER MONITORING AND SAMPLING PLAN FOR THE C-6 FACILITY, 19503 SOUTH NORMANDIE AVENUE, LOS ANGELES, (SLIC NO. 410)**

Dear Mr. Stavale:

Reference is made to the Los Angeles Regional Water Quality Control Board (Regional Board) letter, dated January 7, 2000, in which Boeing Realty Corporation was directed to provide the Regional Board with the above-referenced workplan. The deadline for submittal of the document was February 29, 2000. On February 23, 2000, your consultant Integrated Environmental Services, Inc. (IES) contacted us indicating that the requested work plan will be sent to us within 10 days. However, on March 9, 2000, the Regional Board received a fax copy of a letter dated March 6, 2000, prepared by IES for Boeing Realty Corporation, requesting an extension for submitting the above-referenced workplan to April 10, 2000. In addition, you have indicated that you will submit the additional requested work plan for groundwater assessment in Parcel D of the C-6 Facility on April 10, 2000, instead of April 25, 2000.

Pursuant to Section 13267(b) of the California Water Code (CWC), your workplan for the further assessment and groundwater-monitoring plan is delinquent. You are hereby directed to submit the delinquent workplan to this Regional Board as soon as possible. Pursuant to Section 13268(b) of the CWC, failure to submit the workplan may result in civil liability imposed by the Regional Board in an amount not to exceed one thousand dollars (\$1,000) for each day that you fail to comply. Civil Liability can be imposed for the period starting February 29, 2000.

If you have any questions, please contact Augustine E. Anijelo at (213) 576-6812.

Sincerely,

Rebecca Chou, Ph.D., P.E.
